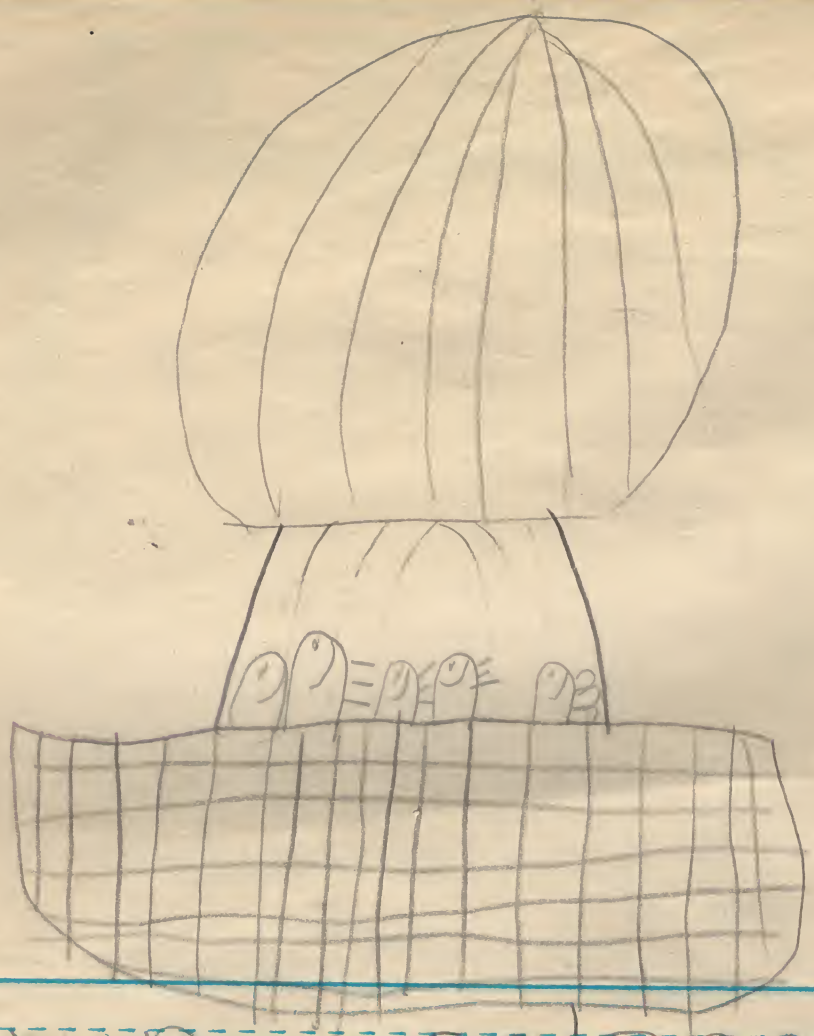
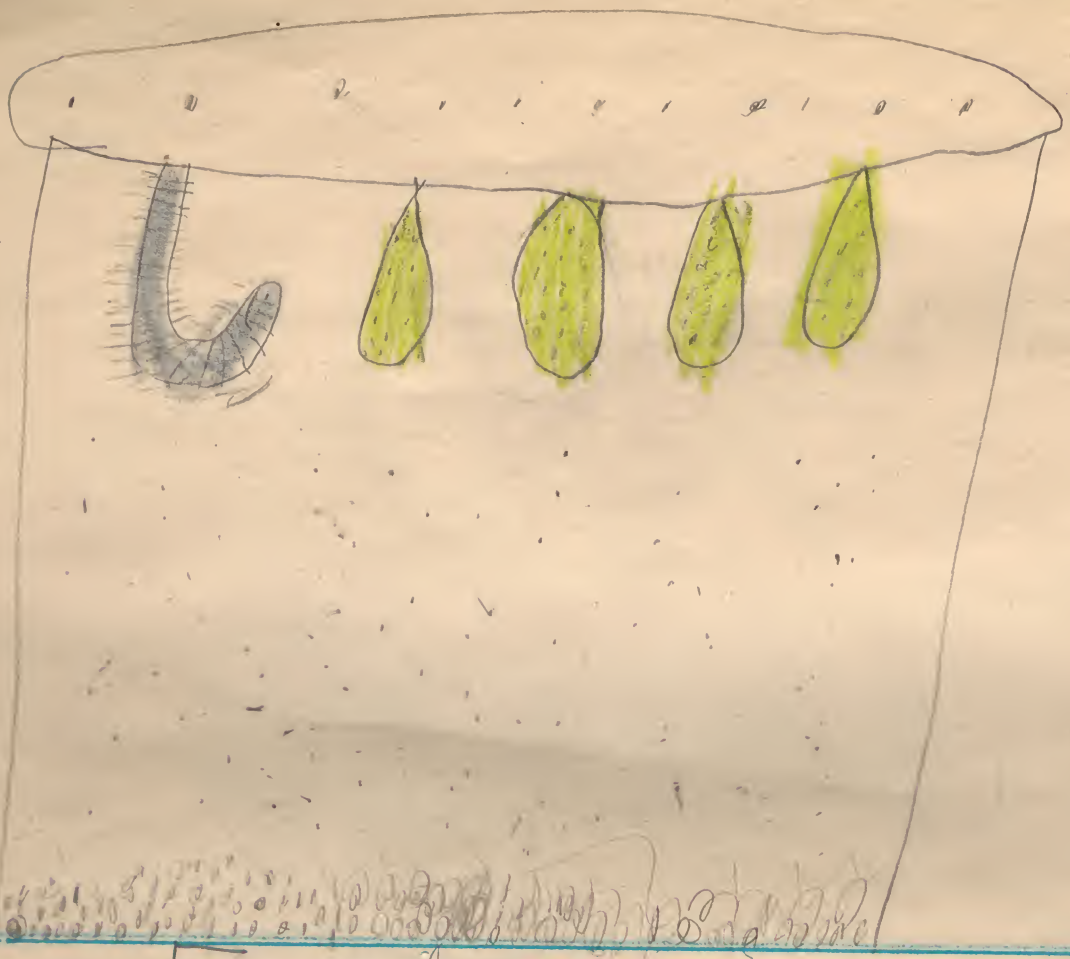
Our caterpillars have grown. They have been making webs. They use their round up leaves. Now the leaves are



brown colored.
the caterpillars have
left their old skins
in the bottom of t
jar.

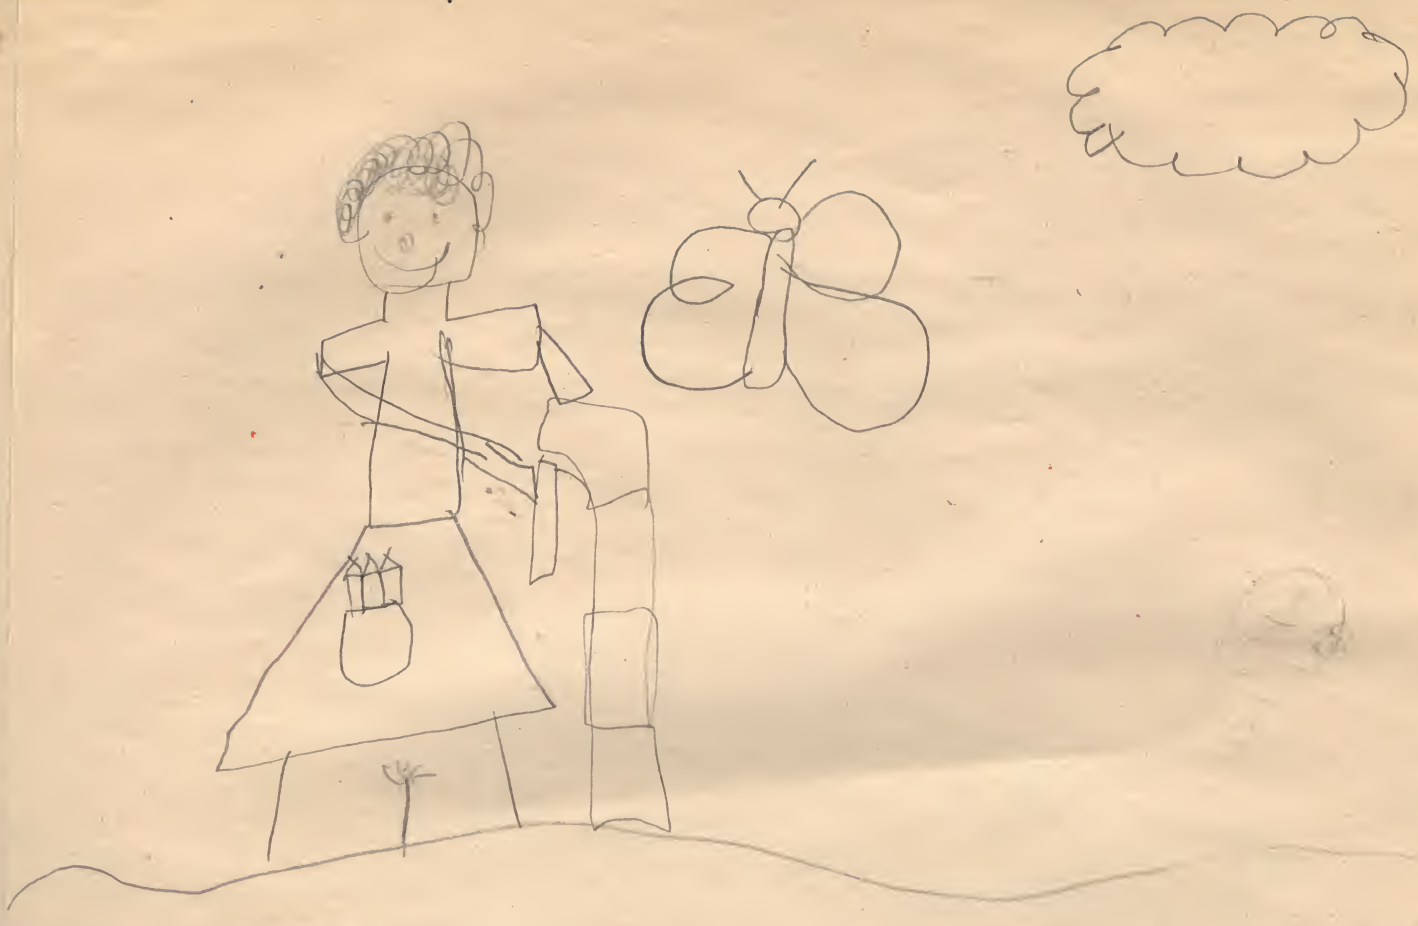


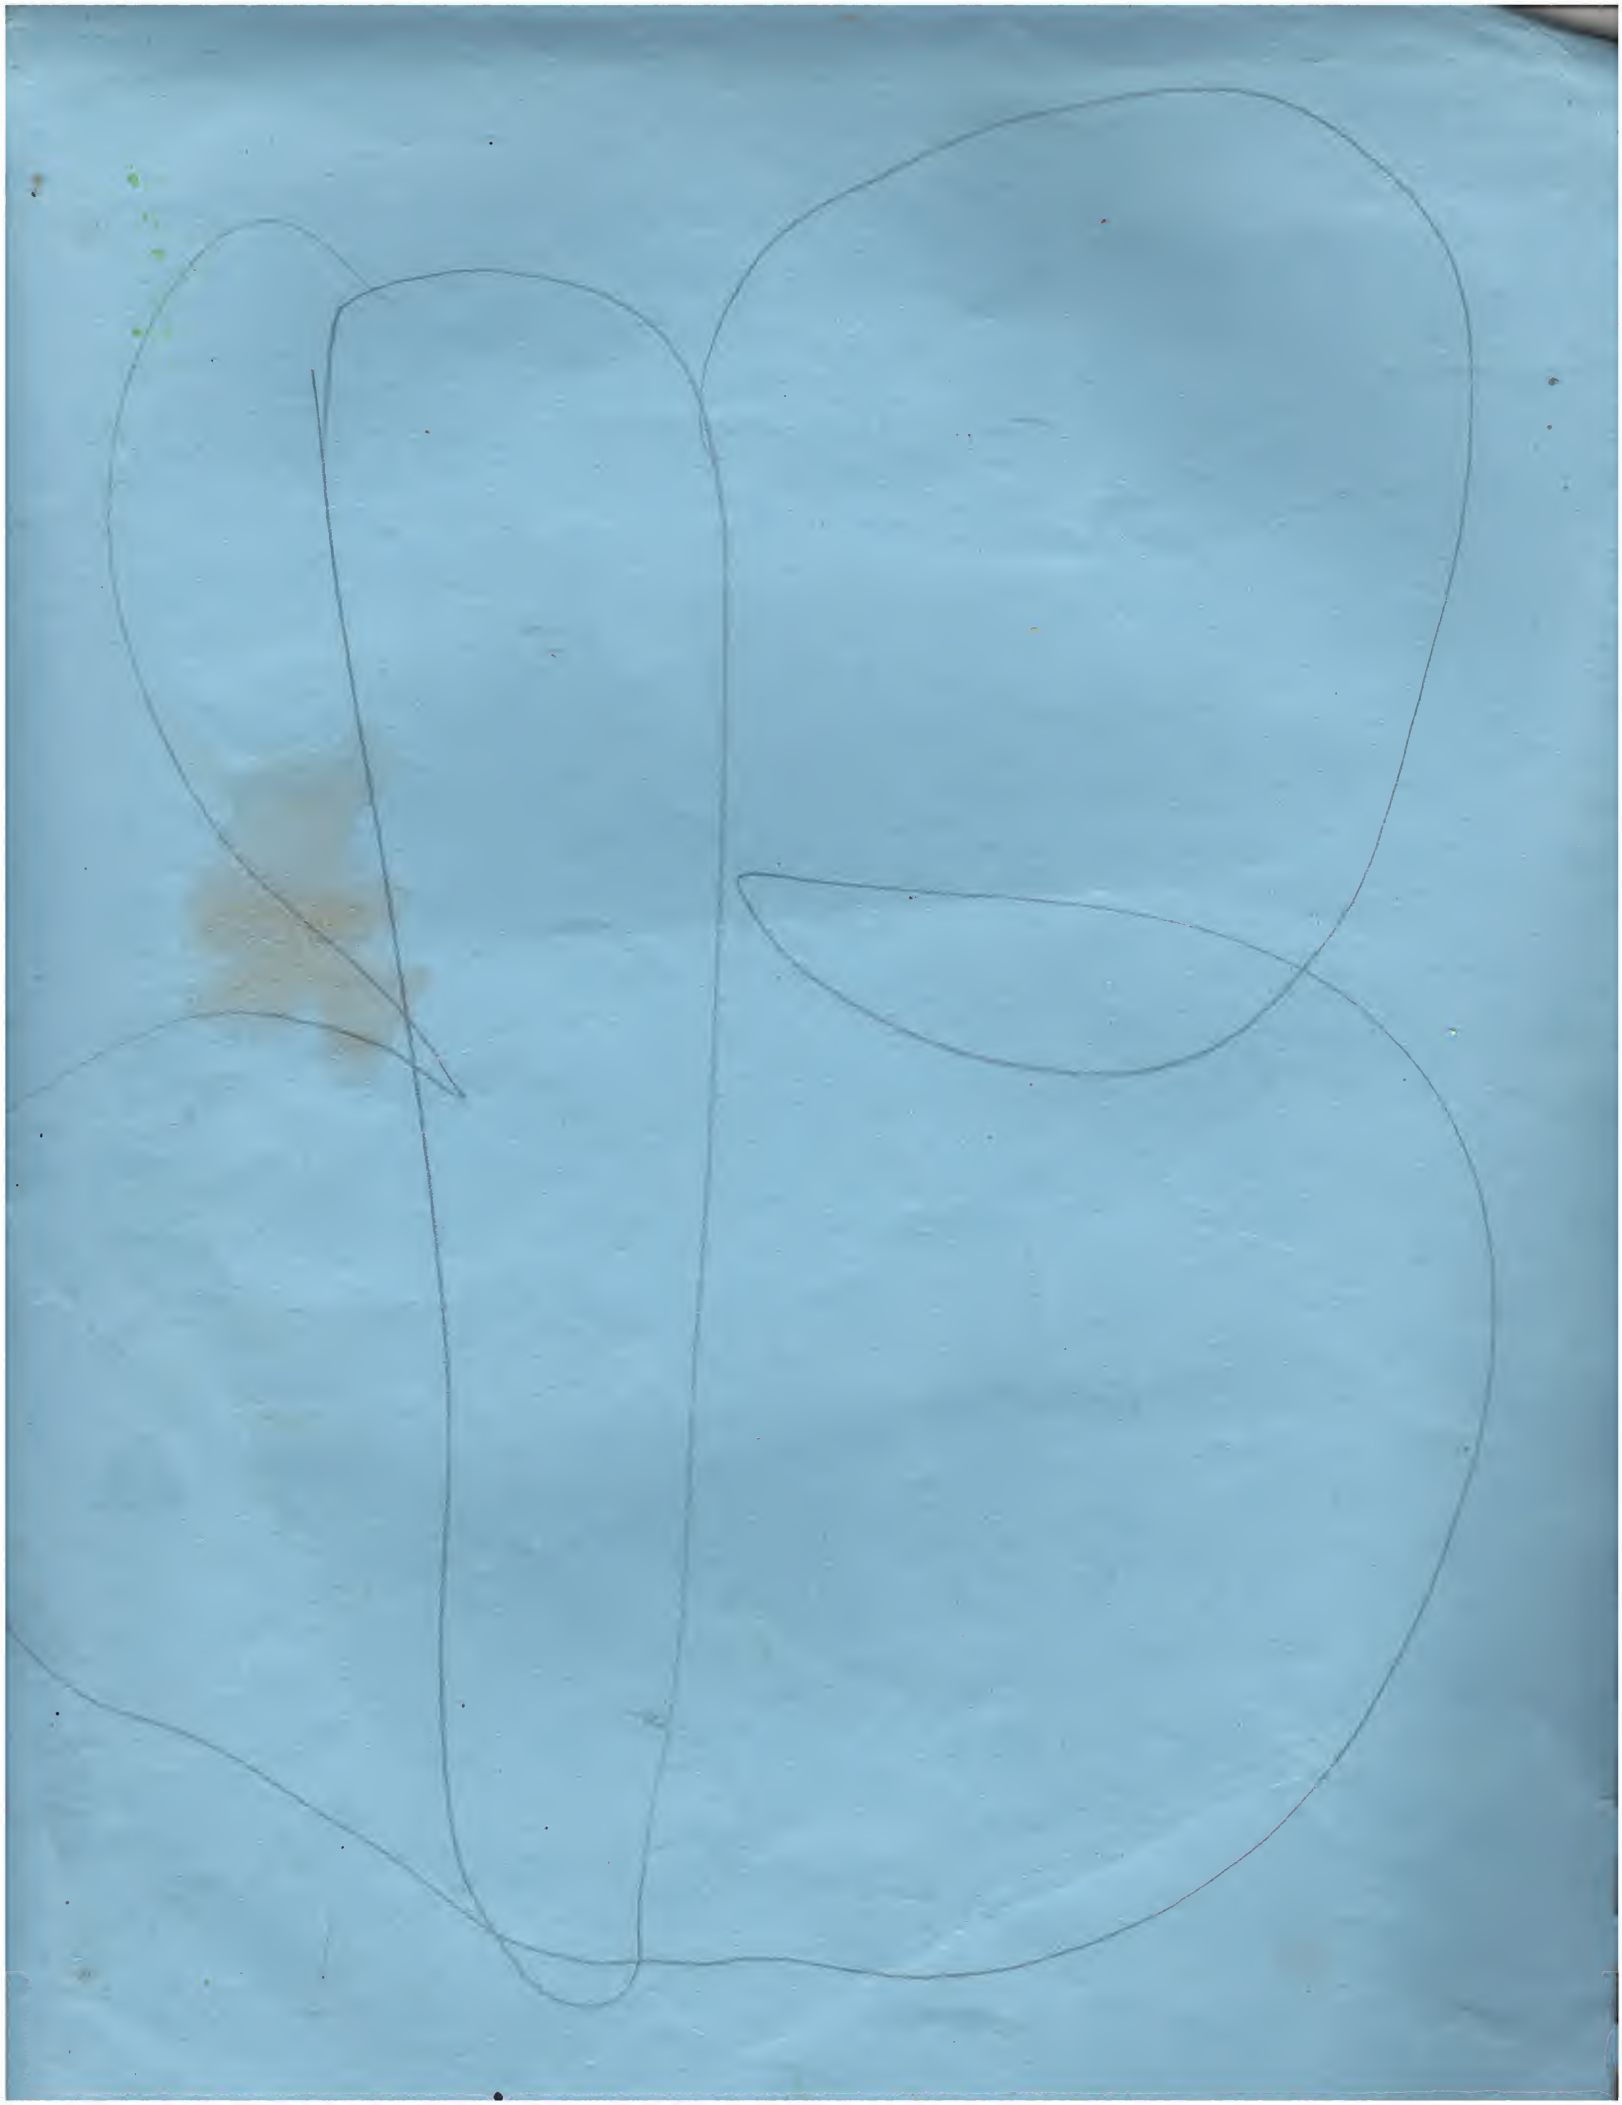
Julia.E April 4-23-98

today one caterpillar is hanging like a letter J. four caterpillers have made their chrysalids. they are green

Julia Aprit 5-1-98

today our chrysalids are
natcing. riht now mrs.J
allwas puts licwid in the
fak flawer





Today we let our butterflies go. one landid on my sholder.
